**MOTION TO EXTEND**

The Department of Revenue of the State of Illinois, by and through its attorney, Lisa Madigan, Attorney General of the State of Illinois, hereby moves this tribunal to extend the time for filing its answer. In support of its motion, the Department states as follows:

1. XO Communications Services, Inc. filed a petition with this tribunal on September 30, 2014.
2. The Department's response to the petition was due on November 5, 2014 and the matter was set for initial status on November 18, 2014.
3. When docketing the case, counsel for the Department inadvertently entered the due date for the Department's response as November 18, 2014.
4. Counsel for the Department was advised this afternoon by counsel for the petitioner that the Department's response was in fact due November 5, 2014. Counsel for the Department advised petitioner's counsel that the Department would be immediately filing a motion for an extension of time to respond.
5. Counsel for the Department is hereby requesting an extension of the due date of the Department's response to November 12, 2014.

Wherefore, the Department respectfully requests that it be granted an extension of time to file its response.

Respectfully submitted,

---
