**ORDER**

On May 27, 2014, the Department filed a Motion to Stay this matter and represented that an auditor will be assigned to review the Petitioner's amended returns which are relevant to the tax years at issue. The Department estimates it may take up to six months to complete the audit.

Because the proposed audit may resolve most, if not all, the issues presented by the Petitioner in this matter, and because the proposed audit presents an efficient method of ascertaining the underlying facts in the case, it is hereby ORDERED:

1. All proceedings in this matter will be stayed until further notice of the Court;<sup>1</sup> and
2. A status call by telephone will be set for October 15, 2014 at 1:30 p.m. at which time the parties can advise the Court as to the progress of the audit.

<sup>1</sup> The Department's Motion does not state the Petitioner's position, if any, on the motion. The Court will assume the Petitioner has no objection. If the Petitioner does object, it will be allowed ten days to file a motion to reconsider the stay.
